

CORRIGOPRO

Welcome to the next-generation CorrigoPro platform

Coming Soon! You are about to get a lot more power from the Corrigo platform. Introducing CorrigoPro, the all-new, faster and more efficient replacement for WorkTrack. Designed with your feedback and extensive field testing, the CorrigoPro upgrade revolutionizes communicating with and managing both your customers and your company. With the new game-changing CorrigoPro mobile app, your team in the field will always be connected to your office team and customers in real time – and you will never be out of the loop again!

Save Time
Save Money
Save Headaches

- + Complete mobility
- + Updated desktop functionality
- + Powerful integration capabilities
- + Enhanced invoicing capabilities
- + Faster, simpler communications

Plus, if you're using subcontractors, you'll have more control than ever to make sure your customers only see your brand and employees on all electronic communications. The CorrigoPro upgrade even comes with the ability to integrate with systems you already use to run your business – no other CMMS welcomes this integration right out of the box.

"We use the CorrigoPro Desktop extensively in our organization. We've found it the most user friendly portal throughout our business. Once you set up your filters, you'll have a bunch of happy people."

- Nadeem Tayar, Managing Director, Precise Air Group

Here's the bottom line: CorrigoPro is easier to use, enables better communication and offers time saving workflow improvements. This upgrade is aimed at helping you grow your business and build closer relationships with your customers.

Upgrading made easy. In 2018, all Corrigo-connected Service Pros in the Americas will receive the CorrigoPro upgrade. We've put a lot of time and thought into making CorrigoPro easy to use and easy to upgrade, and we are excited to bring you this powerful new tool. We'll give you and your customers plenty of notice when it's time to make the migration and be right by your side to support you through this upgrade.
